Joe and Joyce Cotterill

February 14, 2016: ... I thought you might enjoy these pictures of Joe and Joyce Cotterill at home in Green Valley Arizona. Joe and I renewed acquaintances as a result of the reunion in Weih sien this past summer. Joe is 98 and will be 99 next month. His memory is excellent and I enjoyed hearing about my parents for he and my parents went to China for the same mission group from England. I have attached some pictures. Joe and Joyce in their living room and my wife Emma and I outside their home. The last one is a bit dark but Joe and Joyce outside on their patio. We had a two wonderful visits.
